On arrival at The Britannia Hotel you will have the afternoon to relax and wander around Gateshead. Check in is any time after 2.30 and your cases will be secured until you are ready. Plenty of time to get ready for the evenings entertainment. Food will be served in our function suite at 6.30 and the music will begin at around 8.30pm until midnight.

Saturday breakfast is from 7.30 to 9.30 then off we go again. This time for your day in Newcastle. The fantastic Quay side, The millenium Bridge and busy city centre. The Coach will leave around 5.00pm, back to the hotel quick shower and dinner will be served at 6.30 and the music will begin about 8.00 until midnight. You are quite welcome to stay in Gateshead if you prefer to have a leisurely day.

**Lance Merlin**

Starting of as a guitarist at the age of 15, Lance has had an impressive musical history since then. Starting like every high school kid he formed his first band with several people of the school he attended. Later on he formed a duo with a guy from one of the surrounding towns and specialised in Irish Folk Music. After doing theatre shows with him he came across an advert for a Country music band looking for a lead singer-guitarist and applied for the position. After auditioning he was added to that band and that is really how his career in country-music began. The knowledge and skills he added to the country band he joined were considerable and the year after he joined, they won a prestigious international award in their genre. The Silver Guitar, being awarded to the best country-music band in the Benelux. (Benelux standing for Belgium, The Netherlands and Luxembourg.) Since moving to the UK Lance has become one of the most up to date country music line dance acts on today's circuit and we are sure he will kick off our weekend off in true Samanddance Style.

**Supported By Confederate Country DJ And Compere Nigel Green**

Peter Shaw became interested in music listening to stories told to him by his dad playing banjo in a skiffle group during the late 50's and early 60's. By the time he was 9 his mum and dad were running one of the biggest country music clubs in the UK. After this great introduction to the scene he picked up his first guitar at the age of 15. Putting together his first band Lapwing. As time went on and the band split Pete remained good friends with the bands banjo player Simon Brady and they formed a duo Painted Pony which eventually evolved into their famous duo Broadcaster. Since going solo almost 10 years ago he has become one of the most respected musicians and artists on the country music circuit. His vast range of songs fit well with both the listeners and dancers. Peter is no stranger to Towerfest, Samanddance or to one of our Ultimate Line Dance Weekenders and we are sure you will make him welcome. Enjoy our final night of this weekend as Peter Shaw keeps you dancing the night away and don't forget to book for next year before you leave..
