**John Doherty**

What an entertainer we have for you here on our opening night in Stoke-on-Trent. Country music always had a place in his heart and enjoyed listening to it in his early years in Ireland. In 1996 John entered his first Clonmany Talent Competition, singing 'Fields Of Athenry', coming 2nd place, winning 50 Punts (Old Money). Later he began to perform at local open mic nights with a great response and his career began. In 2016 a very nervous young man took to the stage for a showcase at Towerfest where people were amazed at his talent and stage presence. Next year he will be one of the busiest solo artists on the country circuit. His appeal is to both Dancers and devout listeners with a voice at home with both new and traditional Country. Please take this young artist to your heart and enjoy the talent that is John Doherty

**Supported By Confederate Country DJ And Compere Nigel Green**
